New Build Apartments and Penthouse Apartments Los Dolses These modern apartments, finished to the highest standard, are new to the market in Los Dolses. Currently under construction, there is still a good choice of available Apartments and Penthouse Apartments to choose from. Each property comprises a well-appointed lounge with open plan dining area, leading to American kitchen, two or three bedrooms, master with en suite bathroom and guest bathroom. Patio doors in the lounge provide a light and airy living space, and lead to a private garden or terrace. All bathrooms feature underfloor heating, and the properties are installed with ducted air conditioning throughout. The outdoor terraces of the Penthouse Apartments are finished with artificial grass area, as well a wood effect tiling. Each Penthouse Apartment has its own outdoor summer kitchen with barbecue, as well as a private rooftop pool with outdoor shower area. Properties all have a fantastic south facing aspect, and most have clear sea views. The residence is set around spacious green areas, relaxing community areas, community swimming pools, and beautiful landscaped garden areas. The complex also boasts a spa and wellness centre, complete...
